Weather forecast for South Carolina: Fair; colder Wednesday; Thursday fair fresh west to north winds.
The tinners are at work on the Opera House roof.
Candidates for city offices are scarce. So far only one candidate for mayor, and two for alderman have been offered.
Spot cotton brought 53 in Sumter yesterday. May futures are quoted at 51.
The mass meeting at which the candidates for municipal honors will address the people, is to be held Monday night, April 23.
M. B. Smith, Butterfat, Mich., says: "DeWitt's Little Early Risers are the very best pills I ever used for constiveness, liver and bowel troubles." J. S. Hugbison & Co.
Sumter is exceedingly quiet just now. Even Divice street has ceased to disturb police circles; and the guardians of peace have but little to do.
The brick foundation for No. 3. Hose Company's new building is being laid. A beginning has been made, but at the present rate of progress it will be many days before the structure is completed.
To secure the original witch hazel salve ask for DeWitt's Witch Hazel Salve, well known as a certain cure for piles and skin diseases. Beware of worthless counterfeits. They are dangerous. J. S. Hugbison & Co.
Just after Easter the Fourth Regiment Band is to give a grand concert. This is pleasing information for almost everybody in Sumter enjoys the concerts given by the band.
A medal for the best declamation, to be contested for at the next Graded School commencement has been offered by Mr. W. F. Rhame. A medal for the best fifteen minutes composition is needed. Who will offer it?

Lewis Ackerman, Goshop, Ind., says: "DeWitt's Little Early Risers always bring certain relief, cure my headache and never gripe." They gently cleanse and invigorate the bowels and liver. J. S. Hugbison & Co.

Attention, Pension Board.

You will meet at the Auditors' office in Sumter, S. C., on Monday, the 24 day of April, at 11 o'clock a. m. The chairman of each township board will please meet with the county board on that day.

P. P. GAILLARD,

'Chairman, Co. Pension Board.

Sumter papers please copy.

DEATH.

Mr. A. J. China and family have the sympathy of their large circle of friends on account of the death of their youngest daughter, Fannie, wife of Dr. W. J. Crossland, of Bennettsville, which occurred last Friday morning at Bennettsville. She was about 23 years old, and was married a little over a year ago.

The body of Mrs. Crossland arrived in this city on the morning train from Bennettsville. The parents and a large party of friends accompanied the remains which were taken to the residence of Dr. A. J. China, where the funeral was held at 4 o'clock Saturday afternoon. Rev. W. A. Kaul, who was a college mate of Dr. Crossland, and who performed the ceremony at the marriage, conducted the funeral services, assisted by Dr. J. A. Clifton.

Death of Mr. J. C. Dinkins.

Mr. J. Clifton Dinkins died at his late residence in this city on Monday night. He had been in declining health for some months, and his friends realized that his recovery was impossible, but it was not expected that he would die so soon. Death is said at all times and under all circumstances, but especially so in a case of this sort where a young man in the prime of life is called on to pay the last debt of nature.

Mr. Dinkins was 33 years of age; a native of Sumter, and son of the late Dr. S. M. Dinkins. He was married, but his wife died some two years ago. One infant son survives him.

The funeral was held at 5 o'clock yesterday afternoon, under direction of Gamecock Lodge No. 17, Knights of Pythias, of which Mr. Dinkins was a member.

Rev. C. C. Brown officiated in part of the ceremonies.

Death of Dr. Chas. H. Green.

Dr. Chas. H. Green died yesterday morning at the home of his father-in-law, Mr. Sam Boykin, where he has been for the past few weeks since his return from Arizona.

He was a son of the late Dr. Chas. H. Green of this county, and has been a practicing physician for about ten or twelve years.

He was a young man, scarcely in his prime when his health failed him some three or four years ago, and he removed to Arizona in the hope that the climate would restore him to health.

His wife and two children survive him.

The funeral will be in Camden at 12 o'clock tomorrow.

Dr. Bull's Cough Syrup is a great medicine of intrinsic worth. It removes a cough or cold quickly and cures severe throat and lung affections in an astonishingly short time. Sold by all druggists for only 25 cents.

A case of smallpox is reported in Concord township, about nine miles from this city. A negro woman has the disease, and she contracted it while on a visit in Williamsburg county. She went there some three weeks ago, and shortly after her return home the disease developed.

Dr. Bull's Cough Syrup is still in the lead. The people seem to like this old reliable cough medicine, and we don't blame them; it is the best remedy for a deep-seated cough or cold, and will effect a cure in one day. Price 25c.

The number of voters registered for the municipal election is 248. The books of registration close in a few days; if you want to vote, register.

Wm. Orr, Newark, O., says, "We never feel safe without One Minute Cough Cure in the house. It saved my little boy's life when he had the pneumonia. We think it is the best medicine made." It cures coughs and all lung diseases. Pleasant to take, harmless and gives immediate results. J. S. Hugbison & Co.

A marriage was solemnized Thursday in the office of Mr. Horace Harby, Notary Public. Ernest H. Rhame, officiating. Warren Robinson and Pauline Brown, colored, were the contracting parties. Mr. Rhame tied the knot thoroughly, and did not omit the usual lecture suitable for the occasion.

The sixth month of the current term of the Graded Schools ended Friday. Only three months remain before the summer vacation begins. How time flies, but there are some boys and girls who do not object to that, so long as the flight is towards a cessation from study.

Mrs. Harriet Evans, Hinsdale, Ill., writes: "I never fail to relieve my children from croup at once by using One Minute Cough Cure. I could not feel safe without it." Quickly cures coughs, colds, gripe and all throat and lung diseases. J. S. Hugbison & Co.

The few pleasant days we have had are bringing vegetation forward with a rush. Fruit trees are beginning to bloom, and things are taking on the appearance of spring. In a short time we hope the Fourth Regiment Band will favor the public with open air concerts as they did last summer.

There come reports from Manville of an animal roaming about which is creating some sensation. According to the dailies it is a "haunt." Efforts have been made to kill it. Several persons have shot at it without effect. The tracks are said to be like those of a bear. It has done no damage so far. Perhaps it is one of the dog-eating creatures that have been operating around Timmonsville. Summer would be a good place for two or three of them to set up business. We could furnish them material in which to keep fat and raise their families in ease and comfort.

A. R. De Fluett, editor of the Journal, Doylestown, Ohio, suffered for a number of years from rheumatism in his right shoulder and side. He says: "My right arm at times was entirely useless. I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails." For sale by A. J. China.

We learn from Mr. W. B. Boyle, who so philanthropically interested himself in raising the subscription to defray the expense of sending Mr. Sam Shaw and children to the Pasture Institute, that the whole amount of the subscription was a little over \$421. Of this about \$100 came from Mayesville, about \$100 from citizens of the county and the balance was raised in the city.

A little negro in the DeRant neighborhood was badly bitten about two weeks ago by a dog supposed to be affected with hydrophobia. The dog was a strange one, and had come from Alcolu, a distance of five miles. The child has not so far shown symptoms of the disease.

Mrs. Calvin Zimmerman, Milledgeburg, Pa., says: "As a speedy cure for coughs, colds, croup and sore throat One Minute Cough Cure is unequalled. It is pleasant for children to take. I heartily recommend it to mothers." It is the only harmless remedy that produces immediate results. It cures bronchitis, pneumonia, gripe and throat and lung diseases. It will prevent consumption. J. S. Hugbison & Co.

MAYOR'S COURT.

Mr. Harby Moses was arrested by the police for reckless driving on Main Street. He stated that a horse became unmanageable and for a while beyond his control; and that as soon as possible he brought the animal down to a moderate gait. The Mayor dismissed the case but commended the officers for the arrest.

Taylor R. Ch. colored, pleaded guilty to public drunkenness. He had been in the guard house nearly two days, which was considered sufficient punishment, and he was discharged.

A Costly Chew of Tobacco.

On last Saturday Mr. Ben Williams had his buggy run into and one wheel smashed by a wagon loaded with fertilizers, not far from the city, on the road going toward Mayesville. At the time of the accident the driver had left the wagon to be driven by a small boy, while he tried to get a chew of tobacco from Mr. Shore's store on the roadside. The inability of the child to manage the team was shown by the wagon going into the ditch soon after breaking Mr. Williams' buggy. The wagon had to be unloaded to get it out of the ditch, and Mr. Williams had to send back to the city to get a buggy to go home in.

The repairs to Mr. Williams' buggy cost the driver of the wagon \$3.50, besides which one of the mules was injured when the wagon went into the ditch, which may cost him something additional. The wagon and team belonged to Mr. Willie Shaw.

The books of registration for the municipal election close on March 31st and not on April 3rd as has been stated heretofore. The law requires the books to be turned over to the city clerk and treasurer ten days prior to the regular city election, which is to be held this year on April 10th. Remember this and register at once.

Sunday night about 7 o'clock an explosion, similar to that of a large torpedo, was heard in the vicinity of the post office, causing some alarm to pedestrians. Policemen Bradford and Weeks who were standing near the post office at the time, made an immediate investigation but were unable to discover any cause for the explosion. The matter remains a mystery.

"I used Kodol Dyspepsia Cure in my family with wonderful results. It gives immediate relief, is pleasant to take and is truly the dyspeptic's best friend," says E. Hartgerink, Overisel, Mich. Digests what you eat. Cannot fail to cure.—J. S. Hugbison & Co.

People who go around smoking cigarettes can have no idea of the affliction they put upon those who dislike the stench of cigarette smoke—else they would not do it. There is something peculiarly disagreeable about cigarette smoke—worse than ordinary cigars or even decent tobacco in a pipe, and those who wish to be agreeable should not afflict others indiscriminately with their cigarettes, notwithstanding the victims are too polite to complain.

Rev. W. E. Sitzer, W. Caton, N. Y., writes, "I had dyspepsia over twenty years, and tried doctors and medicines without benefit. I was persuaded to use Kodol Dyspepsia Cure and it helped me from the start. I believe it to be a panacea for all forms of indigestion." It digests what you eat. J. S. Hugbison & Co.

The dog that bit Mr. Sam Shaw and three children on Monday was sent to Dr. King, of Mayesville, for examination, to ascertain if it had hydrophobia. The dog was confined in a cage so that it might be carefully watched if it developed the disease in unmistakable form, but it died Wednesday without showing any marked symptoms of hydrophobia, except biting at everything with which it came in contact. It gnawed its way out of the cage in the absence of Dr. King, and was found dead in the yard near by. The carcass was brought to Dr. Baker last night for him to make an examination, but nothing definite resulted from the examination made by him.

Mr. Sam Shaw who, with four of his children, was bitten last week by a dog supposed to be rabid, left on Saturday with two of the children for Baltimore to be treated at the Pasteur Institute. The other two children that were not taken were bitten only through their clothing and the skin not broken. Therefore it was not considered necessary for them to go for treatment. Mr. Shaw received two bites, one through his clothing and one on the hand. One of the children was very badly bitten—in fact it is said was chewed by the dog. Mr. Shaw and children were accompanied to Baltimore by Dr. S. C. Baker.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. Mearkle, General Merchant and Farmer, Mattie, Bedford county, Pa. For sale by A. J. China.

A most delightful society function was the reception given by Mrs. A. C. Phelps to the Daughters of the Confederacy on the afternoon of Tuesday, March 6. The invitations tastefully decorated with hand-painted Confederate flags, named four o'clock as the hour of assembly. Very soon after that hour her beautiful rooms were filled with the invited guests. Parlor, halls, stairway and dining room were profusely ornamented with Confederate flags and ribbons in the well known colors so dear to our southern hearts. Everything was a delightful surprise, from the prize game embodying names of Confederate battle grounds to the menu cards shaped like globes, in which, under geographical disguises the guests found the names of many dainties. The first prize, a volume of the memorial edition of Henry Timrod's Poems, tastefully tied with red, white and blue ribbons, was won by Miss Caroline Moses. The consolation prize fell to the share of Mrs. D'Arcy P. Duncan. Every lady found by her plate a little silk Confederate flag; and the dainty menu cards were carried away as souvenirs of the pleasant occasion which will not soon be forgotten in the society annals of Sumter.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany (N. Y.) dairyman called at a drug store there or a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The druggist, Mr. Otto Scholz, says the family has since recovered, adding Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by A. J. China.

PISGAH NEWS.

We got in a few days good work last week and it tells on the farm. As much guano is used as in former years.

Corn planting will commence here about April 1st. No use to put it in the ground to rot.

Mad dogs are killed here right often. A cow belonging to Mr. J. D. Evans went mad and died last week. People who saw her said it was a sight to be seen. She was bitten by a mad dog no doubt.

Mrs. J. W. Kenney is quite sick. Colds and coughs are above par.

The rats are turning the dens out of congress without regard to law, facts or decency. A wholesale dose of their own medicine in the future if we ever can control congress would be good for them.

Artesian Wells Geologically Considered.

Mr. George S. Jackson, who has had much experience in sinking artesian wells in this and adjoining counties, furnishes our readers today some valuable information on the subject from which those who are thinking of putting down wells, may form an idea from the location whether a flowing well can be obtained.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D.: "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at J. F. W. DeLorme's Drug Store. Regular size 50c and \$1. Guaranteed or price refunded.

The Sumter County Legislative delegation will meet at Sumter on Wednesday, March 23. At that time the delegation will suggest to the governor a new county board of control.

In a New Place.

My friends and the fruit consuming public generally, are hereby informed that I have changed my fruit stand to the front of Mr. L. W. Joyce's Grocery, next to Barnett's store, where I will keep a stock of Fruit, &c., and solicit a continuance of patronage.

EDMUND R. MURRAY.

Several young ladies of the city appreciating the efforts of the firemen to maintain first class organizations have voluntarily commenced a canvass of the city to raise a handsome purse, to be presented to the firemen as an expression of the high appreciation of the citizens of Sumter for the splendid work of the fire department under all circumstances. The members of the two companies will bear of this movement with great pleasure, no doubt.

Spain's Greatest Need.

Mr. R. P. Oliva, of Barcelona, Spain, spends his winters in Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest Blood and Nerve Remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50 cents. Sold by J. F. W. DeLorme, Druggist.

Car load of Horses and Buggies just received at W. M. Graham's stable. March 7.

CANDIDATES.

CLERK OF COURT.

Gentlemen: I want to be elected to the office of Clerk of the Court for Sumter County. No one has asked me to be a candidate (I guess they just didn't think of it). I trust, however, you will not forget me at the Democratic primary election, which will settle the question, who shall be clerk? as far as I am concerned. Hoping to be yours at the primary, I am

Very respectfully,

J. W. DENNIS.

FOR COUNTY SUPERVISOR.

To my friends who so nobly supported me before and the public generally: I wish to announce myself a candidate for the office of County Supervisor, promising to stand by the action of the Democratic primary.

Respectfully,

Mch 16th W. H. SEALE.

FOR CORONER.

MR. A. D. BONES, who has so efficiently filled the position of Coroner during the past four years, is hereby nominated for re-election, subject to the Democratic primary. He will receive the hearty support of

MANY VOTERS.

I hereby announce myself a candidate for the office of Coroner of Sumter County, subject to the result of the Democratic primary. I am acquainted with the duties of the office and in elected with confidence and efficiency perform them. The support and influence of the Democrats of the county is solicited and will be appreciated.

Respectfully,

THOMAS M. JONES.
